

GrilleGuy.com, LLC

Miata M1 and M2.5 Recessed Grille
M1 = 1990 – 1997
M2.5 = 2001 – 2004 (excluding MazdaSpeed)
Installation Instructions

Step 1: If you haven't already, remove the tie downs or fangs from the front opening. For help here visit our website and go to the Tips and Tricks page.

Step 2: Loosen the 2 bolts (1 each side) then slide the grille into the opening and behind the washer. Position the grille and if needed slide the rubber trim outward to give a flush fit at all points around the grille. Do not over tighten the bolts.

Miata owners are quite proud

of their vehicles and usually more than happy to talk about their Miata. If you are happy with our product please tell others about us. We can be found @ www.GrilleGuy.com.
